

Youth STEM Program

The Goodwill Youth STEM Program is a two-year program which provides high school students with a smooth transition through their senior year toward a career in manufacturing and healthcare. The program helps build strong soft skills and helps connect students with future career opportunities in the **manufacturing and healthcare Industries.**

REQUIREMENTS:

- Participants must be current High school juniors when applying for the program.
- You must apply online and attend one of the required orientation sessions held in November.
- Students will participate in service learning, civic participation, team building, and college and career readiness to prepare them for both their senior year and work.

COMMITMENTS:

- Two-year commitment to program.
- **First Year - Summer Session:**
July 6, 2022 - August 31, 2022
Mon. – Fri., 9 am – 5 pm
- **First Year - School Session:**
September 2022 - June 2023
- **Second Year - Summer Session:**
Summer internship and up to four quarters of STEM related classes at area colleges.

TO APPLY:

The application for this program is online. You may access the application through the QR code or link below or by emailing the contact below.
